

Instructions for assembling your face mask

1. Print out your mask on a sheet of A4 paper.
2. Cut mask out around the black line (not forgetting the eye holes).
3. To create arms for your mask, fold along the dotted lines in the directions shown, and fold the arms backwards like a pair of glasses.
4. Fold along dotted lines either side of the eyes.
Put your mask on and join the circus.
Don't forget to look into your webcam for a truly wild experience.
